Fees and Charges Information

Where another institution charges for services we provide to you we may pass this cost on to you.

We make every effort to ensure that fees and charges paid from your savings and transaction accounts are confirmed in your periodic statement for that account. We will describe the payment of the fee using the wording contained in this leaflet or as excess transaction fees.

Our fees and charges may change from time-to-time. Up to date information is available at our website www.cairnsbank.com.au or at our branch.

Inactive account fees are charged where you have not carried out any transactions on your account in any 12 month period.
